WETZLAR, January 23.

THE Imperial Chamber has decided, that the verbal Will of the late Elector of Cologn, in favour of the Archbiſhoprick, is legal and valid; and that the Demand made by the Houſe of Bavaria for the whole Succeſſion of that Prince, is inadmiſſible.

Erlangen, Jan. 25. There has lately been diſcovered in a Salt-Work near Lindenau, in the Principality of Hillburghauſen, a natural Salt, perfectly reſembling the artificial One, known by the Name of Glauber's.

Hamelen, Jan. 26. It has been remarked here as a ſingular Circumſtance, that the Wells in a Village, which were lately dry, were ſuddenly filled with Water after the Earthquake which happened on the 19th Inſtant.

FROM THE *LONDON* GAZETTE.

St. James's, Feb. 21. The following Addreſs of the Upper Houſe of Aſſembly of the Province of Maryland, has been preſented to his Majeſty: Which Addreſs his Majeſty was pleaſed to receive very graciouſly.

To the KING's moſt Excellent Majeſty,

The humble Addreſs of the Upper Houſe of Aſſembly of the Province of Maryland.

"*Moſt Gracious Sovereign,*

"We, your Majeſty's moſt dutiful and loyal Subjects, the Upper Houſe of Aſſembly of the Province of Maryland, beg Leave to preſent our unfeigned Thanks for the recent and ſignal Inſtance of your Royal Attention to the Welfare of your Majeſty's American Colonies.

"When we contemplate and compare their late diſtreſſed Condition and diſmal Proſpect with their preſent Situation, we admire the Wiſdom and Juſtice of your Majeſty's Councils, to which they are indebted for the happy Change; and our Hearts are filled with Gratitude to the beſt of Sovereigns for an Event ſo highly intereſting, not only to your American, but alſo to your Britiſh Subjects, the Welfare of theſe Colonies, and that of your European Dominions, being abſolutely inſeparable.

"We take the Liberty to aſſure your Majeſty, that we ſhall, by our Conduct on all Occaſions, endeavour to give continual Proofs of our Zeal, Loyalty, and Reſpect to your Majeſty, and the Parliament of Great-Britain. With the greateſt Fervour we implore of Heaven, that the Tranquillity now reſtored throughout theſe Provinces, the affectionate Regard of Great-Britain towards her Colonies, and their Attachment to her, may be perpetual; and that your Majeſty may long live to enjoy the Pleaſure it muſt afford you, to ſee all your Subjects, throughout your extenſive Dominions, perfectly happy under your mild, equal, and auſpicious Government.

"*Dec.* 6, 1766. BENJ. TASKER, Preſident."

LONDON, *February* 28.

Yeſterday his Majeſty went to the Houſe of Peers, attended by the Earl Delawarr and Lord Willoughby de Brooke; when the Royal Aſſent was given to 31 Public and Private Bills, among which were the following, viz. The Bill to puniſh Mutiny and Deſertion. The Bill to continue for a limited Time, the Importation of Wheat, and Wheat Meal, from any Part of Europe, and to diſcontinue the Duties payable on Barley, Barley Meal, and Pulſe, imported for a limited Time. The Bill to diſcontinue the Duties payable on Tallow, Hog's-Lard, and Greaſe, imported for a limited Time. The Bill to diſſolve the Marriage of John Scott, Eſq; from Ann his Wife, to enable him to marry again, and for other Purpoſes. The Bill to build a Bridge over the River Thames, from Swainford in Oxfordſhire, to the oppoſite Shore. And alſo to ſeveral Road, Incloſure, and Naturalization Bills.

The Houſe of Commons ſat up very late laſt Night, and was engaged upon Buſineſs of ſuch Conſequence, that the Houſe was ordered to be cleared of all Perſons who were not Members.

We hear it has been jocoſely moved in a certain Aſſembly, by a certain Gentleman, whoſe Name is generally known under G. G. that a Jury of Phyſicians, Surgeons, and Apothecaries, at the Public Expence, be immediately directed to attend the Right Hon. the E. of C——m; that they do carefully examine, and punctually report to the Committee, the Riſe, Progreſs, preſent State, and future Expectations of that Nobleman's Health, that the Public may not only be ſatisfied that he is *really ill*, but that they may alſo have the further Satisfaction to know that proper Care is taken for his Recovery.

Letters from Poland, of the 6th of February, ſay, that a Report prevails there, that 40 000 Ruſſian Troops more are to arrive, as ſoon as the Seaſon will permit, in that Kingdom, and that the Poles are preparing to oppoſe them.

The beſt Wheat ſold on Monday at Liverpool, at Five Shillings and Two-pence per Buſhel in the Market there.

We hear a very curious little Ship of 64 Guns, compleatly rigged, and but Four Inches long, executed by an Officer in the Navy, was introduced to his Royal Highneſs the Duke of York, with which his Royal Highneſs was ſo well pleaſed from its ſingular Minuteneſs, the Structure and Elegance in which it is highly finiſhed, as to recommend it to his Majeſty; and his Majeſty has been moſt graciouſly pleaſed to accept of it, eſteeming it worthy of being placed in his Royal Cabinet of Curioſities. The Materials of which it is compoſed are Gold, Silver, Steel, Braſs, Copper, Ebony, Ivory, Hair, &c. the Hull, Maſts, Yards, Booms, &c. being Ivory; the Guns, Anchors, Blocks, Dead-Eyes, &c. Silver; the 64 Guns weighing but 50 Grains; the Colours, viz. Royal Standard, Admiralty and Union Flags, the Jack and Enſign, are alſo Ivory. It is executed on a Scale of Forty Feet to an Inch.

Extract of a Letter from Geneva, January 6, 1767.

"By my laſt I acquainted you with the Emigration of ſeveral Families of the Negative Party, and with the Repreſentation our Commiſſaries made on this Head to our Syndics. The Swiſs Miniſters approved of this Repreſentation, and wondered as much as we at thoſe Emigrations which have continued ever ſince.

"A Body of French Troops arrived Yeſterday at Gex, a French Town 3 Leagues off, and are going to ſpread round the Frontiers, no farther than about a Quarter of a League from our Town, in order effectually to ſtop all Manner of Communication between the French Subjects and us; and the Governor of the adjacent Province has juſt publiſhed the following Declaration.

"*Charles Leopold, Chevalier de Jancour, Brigadier of the King's Armies, Colonel of the Flanders Legion, Commandant for his Majeſty in the Provinces of Breſſe, Bugey, Valromey, and Gex, &c. &c. &c.*

"The King my Maſter being pleaſed to forbid all Manner of Communication and Commerce between his Subjects and thoſe of the Republic of Geneva: It is in Conſequence expreſsly ordered to the Commanding Officers in the ſeveral Detachments of his Majeſty's Troops, and to the Civil Officers in their reſpective Towns, to cauſe the following Articles to be put in Execution in the ſtricteſt Manner.

"1. It is ordered, that his Majeſty's Subjects have no Commerce directly or indirectly with the Subjects of the Republic of Geneva.

"2. It is alſo ordered, that no Subjects of the Republic ſhall paſs on the Territories of his Majeſty, unleſs they have a Paſſport from Mr. Hennin, the King's Reſident at Geneva, and that no Frenchman can paſs on the Territories of the Republic without a Paſſport from his Majeſty, counterſigned by the Duke of Choiſeul.

"3. All Kinds of Proviſions, Effects, and every Thing that might be uſeful, ſerviceable, or agreeable to the Subjects of the Republic, ſhall be ſtopped and ſeized; obſerving to ſpecify the Identity of ſuch Effects by a legal Regiſter, ſigned by the Commanding Officer, or by the Magiſtrates or principal Inhabitants of the Place where ſuch Seizure ſhall be made, and they ſhall be anſwerable for the ſaid Effects, till they ſhall have been ſecured in proper Places of Safety.

"4. It is to be obſerved, that the Genevans only being concerned in this Interdiction of Commerce, all Subjects of any other Powers ſhall have, as heretofore, a free Intercourſe with his Majeſty's Subjects.

"5. The Officers commanding the different Bodies of Troops, ſtationed to prevent all Manner of Communication between the King's Subjects and thoſe of the Republic, will be anſwerable for all Complaints made againſt the Troops under their Command. And they are to take Notice, that they cannot be too careful of the Soldiers or Dragoons not carrying on any contraband Trade or Monopoly with the Genevans, either for Proviſions or Merchandize. And in every particular, the Commanding Officers are to permit no other Communication between their Poſts, and the Republic's Subjects, but ſuch as is indiſpenſible to maintain and enforce his Majeſty's Orders.

"Though this Prohibition of Trade is very prejudicial, yet we are not ſo un-aſy at it, as for the Security of the Town, which being almoſt open on the French Side, we could hardly make any Reſiſtance againſt a Surprize; and we are afraid our internal Diviſion would prove fatal to us in that Caſe, in hindering us from making a proper Defence."

Extract of a Letter from Cheſter, Feb. 25.

"Yeſterday Morning about three o'Clock, I was greatly alarmed by the Cry of Fire, and the tolling of the Fire Bell, when I aroſe out of my Bed, which was not far from where the Fire happened, the moſt ſhocking Sight preſented itſelf to me; the Workhouſe, in which all the Poor of Eleven Pariſhes lived, to the Amount of Two Hundred Boys and Girls, beſides Men and Women, was entirely burnt to the Ground, together with upwards of Sixty Children and about Twelve Men and Five Women in all Seventy Seven; the Reſt were ſaved. It was about Two o'Clock in the Morning when the Fire broke out, but it was ſuppoſed to have been burning all Night; as about Twenty Children lie in One Room, and its ſuppoſed they by ſome Accident ſet Fire to ſome Cotton which the Children ſpin, and which was owing to the Negligence of One Woman, by letting them go to Bed by themſelves.

It is impoſſible to expreſs the Horror and Diſtreſs the Poor People were in, ſome of them running out naked, others jumping out of the Windows and from the Top of the Building: In ſhort it was the moſt ſhocking Sight that ever was ſeen. There are now upwards of 30 Men employed in digging out the Bones and dead Bodies, but there are none found as yet, and it is ſuppoſed they are all burnt to Aſhes."

War-Office, Feb. 24. It is his Majeſty's Pleaſure, that all Officers, whether taken from the Half-Pay or otherwiſe, who have been appointed to any Regiments on the Britiſh Eſtabliſhment, but on Stations out of Great-Britain, and whoſe Commiſſions are dated on or before the Firſt Day of October, 1766, ſhall ſet out, within one Month from the Date hereof, to join the Corps to which they belong, except they have already obtained the King's Leave of Abſence, or unleſs they ſhall now obtain it through the Application of their Colonels; which Application is not to be made except on very cogent Reaſons; And all Officers belonging to the abovementioned Regiments, who have now leave of Abſence from their reſpective ſuperior Officer commanding where the Regiment is ſtationed (if no particular Time is ſpecified for ſuch Leave) are to apply, through their Colonels, that the Time may be aſcertained by the King, and before the Expiration of the Time ſo limited, they are to join their Corps. It being his Majeſty's firm Reſolution to ſuperſede any Officer who ſhall diſobey theſe his Orders.

All future Leaves of Abſence are to be exactly regulated according to his Majeſty's Orders, bearing Date the 11th Day of *February*, 1767. By his Majeſty's Command. BARRINGTON.

A Manifeſto is juſt publiſhed in Corſica, earneſtly exhorting the People to take all poſſible Meaſures for continuing the War with Ardour, in the firm Perſuaſion that it will terminate happily, by the total Expulſion of all their Enemies: The good Cauſe which we maintain (ſays this Manifeſto) the Weakneſs of our Enemies, our Courage animated by the Love of our Country, and above all, the Divine Aſſiſtance which has been already ſo ſenſibly manifeſted toward us, aſſure us Succeſs in our Enterprizes."

The Circulation of Portugal Gold is ſoon expected to be as plentiful in this Kingdom, as during Part of the late War, in Conſequence of ſome commercial Arrangements recently concluded with the Court of Liſbon.

The Bruſſels Gazette has the following Article, dated London, Feb. 10. "It appears that the general Commerce of the Nation is conſiderably enlarged ſince the laſt Peace. In the Year 1762 our Exports amounted to the Sum of Eight Millions Sterling, and our Imports to Thirteen Millions. From that Time to the preſent there is an Increaſe of Two Millions per Annum in both thoſe Articles."

The Conſumption of Malt in England, by Brewers, Diſtillers, and Innholders, is computed to be, upon an Average, 3,275,000 Quarters Annually.

March 3. Information has been ſent to the Admiralty-Office, that on the 30th paſt, in the Night, the Ship Sampſon of Liverpool, whereof George Johnſon, was Maſter, bound from Grenada to Liverpool, run aſhore in very thick Weather, at a Place called Craighill, near Holy-head, where ſhe overſet, and went to Pieces, and the Chief Mate, Maſter, Surgeon, two French Gentlemen, and 14 other Perſons, were drowned.

We hear that the Lieutenants of his Majeſty's Royal Navy, will have an additional Shilling immediately added to their Half Pay, as well as ſome of the Captains, who are on the loweſt Eſtabliſhment; and that in conſideration of the great Expence the full Dreſs Uniform is to all Officers in the Navy, the Frock Uniform, as it is now, will for the future be a ſufficient full Dreſs Uniform throughout the Service; which ſalutary Regulation, it is ſaid, are owing to the Repreſentation of that great and brave Admiral, who now (to the Satisfaction of all People) ſo juſtly preſides at the Head of the Naval Department.

The Right Hon. the Earl of Eſſex is, we hear, this Day to be married to the Hon. Miſs Harriot Bladen, of Hanover-Square.

They write from Breſt, that a French Chemiſt has lately invented a Compoſition, which anſwers all the ſalutary Purpoſes of ſweetening Ships of War at Sea, better than the practiſed Method of waſhing with Vinegar, or Fumigations of Tar, and is not attended with Half the Time or Expence.

Letters received over Land from the Eaſt-Indies mention, that a Portugueze Junk had been taken by a Crew of Black Pirates, near the Strait of Babelmandel.

March 5. They write from Hamburgh that ſeveral Thouſand Jews had lately arrived from different Parts of Germany and the Empire, to ſettle in the Dominions of his Pruſſian Majeſty.

They write from Liſbon, that the Miniſter of Portugal continues to ſtand out againſt all the Remonſtrances for aboliſhing certain Monopolies, which are thought prejudicial to the Britiſh Commerce in that Kingdom.

BOSTON, *April* 27.

By the February Packet a Letter has been received from Dennis de Berdt, Eſq; directed to the Speaker of the late Houſe of Repreſentatives, and dated the 14th of February laſt.—As the Minds of many Perſons are diſturbed with Apprehenſions that the Miniſtry and the Parliament are diſpleaſed with the Repreſentations lately ſent Home by the Houſe, and that we are to be puniſhed with Troops to keep us in Order, we have obtained an Extract of the Letter, which we now publiſh for the Information and Comfort of the good People of the Province.

SIR,

"SINCE my receiving your judicious, pertinent and decent Repreſentation of the Difficulties your Trade laboured under, I have had ſeveral Conferences with Lord Shelburne on the Subject of it, who has been ſo obliging as to direct me to lay the Caſe before him, in Form of a Memorial, with which his own Secretary will attend me to the Board of Trade, and has promiſed his Intereſt to ſerve you; which Memorial now lays before his Lordſhip.—The Reſtraints laid on the Fiſhery will be removed.

"The Government are about to call Home the Troops from America, and place others in their Room. The preparing for the Embarking of which has occaſioned much Speculation here, and the Report runs that there are freſh Troops going to America, which occaſioned my particular Application to Lord Shelburne on that Head, who was ſo condeſcending and obliging as to aſſure me, I might ſatisfy all my Friends that there was no Intention of augmenting the Forces in America, but a mere Exchange."—

The Public may reſt aſſured, that there are authentic Accounts received by the laſt Packet, very favourable to the Colonies. The M------- have been pleaſed very kindly to receive the Repreſentations of our late Houſe, inſtead of ordering them burnt unopened, as was given out laſt Week, and induſtriouſly circulated by ——— and his Friends. The ſtrongeſt Aſſurances have alſo been given that all our Grievances ſhall be redreſſed, and the real *procuring Cauſe* of them ſpeedily removed. 'Tis certain that inflexible Patriot Lord Ch th-m continues his noble Patronage of *North-America*, notwithſtanding the infamous Inſults he is daily receiving from the inveterate Enemies of Two Worlds, "for no other "Crime" but that he has twice ſaved both from the Jaws of Perdition."

SCHEME

OF THE

MARYLAND LIBERTY LOTTERY.

THE Lower Houſe of Aſſembly of *Maryland* have conſtantly and ineffectually hitherto, ſince Seventeen Hundred and Thirty-nine, RESOLVED, That his Lordſhip hath no Right to collect Twelve-pence *per* Hogſhead on Tobacco exported.

A Conſtitutional Tax on the People to ſupport an Agent of the Appointment of the Lower Houſe, has been greatly deſired, frequently attempted, and as often refuſed by the Upper Houſe.

The Lower Houſe of Aſſembly contend, That the Clerk of the Council his reaſonable Reward, as well as every other Expence neceſſarily attending the Execution of the Powers of Government, ought to be defrayed out of the *Fines, Forfeitures, Amerciaments*, and *other Monies* received by the Government for the Support thereof; and, "That Sentiment being directly oppoſite to the Opinion the Upper "Houſe had, on mature Conſideration, formed upon the "Subject of the Clerk of the Council's Claim," principally occaſioned the Non-payment of the Public Debt for upwards of Ten Years: The Diſtreſs of Trade for Want of a Circulating Medium, and the extreme Neceſſity of Public Creditors, compelled the Lower Houſe to agree to an Appeal to his Majeſty in Council, on the Subject Matter of Difference, without the Allotment of any Public Money for that Purpoſe, as the only Means to ſettle Diſputes, reſtore Public Credit, and lay a ſure Foundation for the future Eaſe and Good of the Province.

A Subſcription therefore, by RESOLVE of the Lower Houſe, has been Open'd, and Subſcriptions are taken in by every Member, for maintaining an Agent, and ſupporting the Appeal on the Part of the People, as well as obtaining Redreſs of their *other* Grievances; and, by RESOLVE alſo of the Lower Houſe, as an additional Means of raiſing Money for the ſame Purpoſes, the following SCHEME of a LOTTERY, by which to raiſe One Thouſand Pounds Common Money, is ſubmitted to the Public.
